

# GOOD GOVERNANCE RANKING

15 states score below the national average on the governance rankings. The list of poor performers includes all the eight northeastern states along with Delhi, Jharkhand, Uttar Pradesh, Bihar and Odisha

## Indicators with weightage

10	Agriculture, Commerce & Industries and Allied	10	Commerce & Industries
10	Human Resource Development	10	Water Resources Management
10	Public Infrastructure	10	Economic Governance
10	Social Welfare Development	10	Judicial & Public Security
10	Environment	10	Public Health

The ranking is based on the performance of states in 10 key sectors which have over 100 indicators. It draws from the Centre's **Good Governance Index** and the **Composite Water Management Index** and is based on government data available in the public domain. All the sectors have been given equal weightage
