

INFECTIOUS DISEASES

Environmental changes lead to deadly fevers

AVIAN FLU

WHO FLEW?

A lowdown on the recent bird flu scare in India. 4

CHICKEN WORRIES

How it started in Southeast Asia 9

FOWL PLAY

Most countries, except India, ready to face the challenge 10

ROCHE RELENTS

Will a cheap version of the drug that treats bird flu be manufactured? 15

JAPANESE ENCEPHALITIS

CHILDREN OF A LESSER STATE

This rare killer disease has been lurking around eastern UP for the last 27 years. 16

MALARIA

HEADING OFF FEVER

Why a 'wonder' vaccine cannot check the spread of malaria 27

A CLOSE HARD LOOK

Some case-studies on how not to manage the disease 38

MANAGING MALARIA

Excessive use of DDT has damaged the environment 48

MOSQUITOES STORM THE DESERT

What caused the cerebral malaria epidemic in Rajasthan 50

KALA-AZAR

THE BLACK FEVER

Kala-azar could become an epidemic in Bihar. 53

MYSTERY FEVER

IN DENIAL

How Bijnor suffered. 59

VIRUS ATTACK

Many Indian cities grapple with fevers whose origins are unknown 60

WHY DISEASES ARE "MYSTERIOUS"

As usual, the government remains clueless 71

LEPTOSPIROSIS

ANOTHER PLAGUE IN THE OFFING

An addition to Mumbai's never-ending woes 72

AIR POLLUTION

Chronic diseases are cutting our lives shorter

AMBIENT AIR POLLUTION

NO ESCAPE

Tiny particles, big risks 76

DEADLY PARTICLES

Government strategy to counter them has always been hazy 84

SINISTER PATTERN

Pollution: the common thread that runs through Asia 94

DEATH IS IN THE AIR

India's polluted cities are putting their citizens at risk 95

CHILDREN UNDER THREAT

Air pollution does not even spare them 110

WE HAVE TO REDUCE...

What HEI's Daniel Greenbaum has to say about air pollution 112

INDOOR AIR POLLUTION

PEOPLE ARE UNAWARE...

There's a lot to learn about indoor air pollution. 114

THE ENEMY WITHIN

Threat from biomass fuels and open *chulhas* should not be underestimated 115

WATER POLLUTION

Environmental cost of health

ARSENIC AND FLUORIDE

IN A LATHER

Tubewells are aiding the spread of arsenic in groundwater. 124

THE DARK ZONE

Caution: groundwater can be injurious to health. 125

BEWARE! FLUOROSIS IS ZEROING IN ON YOU

Children are particularly susceptible to the disease 140

FLOODED WITH FLUORIDE

In India, there are many causes for the fluoridation of groundwater 142

CALCUTTA IS SITTING ON A TIME BOMB...

Problem of arsenic poisoning is acute in West Bengal 143
